

Battiston et al, Multiplex core-periphery organization of the human connectome
Journal of Royal Society Interface

Figure S3: Panel a) shows the functional coreness from different points of view: external view in the top row, internal view in the bottom row. The color and size of each node code for the percentile to which it belongs as specified in the legend. In panel (b) we report the value of functional coreness for the nodes beyond the 75th percentile with the same color code.
